

BESPOKE PLUS

"Pushing to be Better, Faster, and Stronger"

May 2007

Volume 5, Number 52

RGK manufacture BESPOKE (custom made) wheelchairs for daily use and active living customers. Made to measure products with RGK's industry leading ERGO Seating ensures the ultimate in postural support and performance!

Lewis & Krall Anniversary Event

John Krall and his staff's commitment to business is dedication and devotion to helping the customer make positive choices about their health. At Lewis & Krall Home Health Care the customer comes first and they go the extra mile to ensure needs are met. They pride themselves on an exceptional level of customer service and have been a leader in the community promoting "wellness".

We are pleased to partner in their special anniversary celebration of the opening of their St. Catharine's location on Saturday, May 5, 2007. We will be on location to show support and have a display of some of our products. We are providing door prizes and join in on the community BBQ, meet visiting dignitaries, more than 400 Ina Grafton residents, and the community invited to this event!

Like RGK Wheelchairs, Inc., Lewis & Krall is all about giving something back to the community and are pleased to support actively a wide variety of local charities as well as seniors groups, support groups, and Service Clubs. They have been involved in fund raisers for The March of Dimes, The Niagara Children's Centre, Women's Centre, United Way, Alzheimer's Association, and support minor hockey, soccer, basketball, and baseball. In addition, they provide an annual scholarship to a local high school student, participate in the training of new pharmacists through an internship program and accept co-op students from schools in the region.

We look forward to meeting some of you at this event and sharing a day with our friends at Lewis & Krall!

VARILITE® Reflex™

The **REFLEX™** is available and is receiving great feed back. The **REFLEX™** is an **ultra-lightweight skin protection** cushion for those at moderate risk of breakdown. It has a revolutionary built in air release device that automatically releases a portion of the air when the user sits on the cushion to provide a maintenance-free fixed amount of immersion for optimum pressure distribution and postural support. Built **VARILITE®** tough with automatic inflation when the weight is removed, this product is destined to be an industry hit in its category! **VARILITE®** is the leader in ultra-lightweight Air-Foam Floatation wheelchair seating systems, back rests and secondary supports.

Sponsoring Nationals

In conjunction with the Canadian Wheelchair Sports Association (CWSA) and the Alberta Section, we are proud sponsors of the National Championships for Rugby May 4-6, 2007 in Edmonton, AB.

We are also sponsors of the Canadian Wheelchair Basketball Association (CWBA) national championships and CWBL Finals for Women organized by the Manitoba Wheelchair Sports Association (MWSA) May 18-20, 2007 in Winnipeg, MB.

These sponsorships are made possible with the support of the brands we work with (RGK Wheelchairs, Varilite, Kenda Tires and Tubes, and Spinergy Wheels). We take this opportunity to thank them for their support of what we know makes a significant difference in the lives of the participants who inevitably go on to give back 10 fold!

MedTrade a Success

We had a good time at MedTrade and appreciated the opportunity to catch up with many folks that we work with regularly including a group from Lewis & Krall. The new product pavilion can be viewed on-line at www.medtrade.com where you can see a number of products including Healthcraft's Depend-a-Bar with Bath Board and the TLC offerings.
