May 2007

Volume 5, Number 54

RGK manufacture **BESPOKE** (custom made) wheelchairs for daily use and active living customers. Made to measure products with RGK's industry leading ERGO Seating ensures the ultimate in postural support and performance!

People-in-Motion June 1-2, 2007

Welcome to the People in Motion show featuring 63,000 square feet of exhibits and services designed to enhance the lifestyles of people with a disability. We are pleased to be at this year's event supporting the dealer network, showing our products, and changing tires/tubes while catching up with end users in the area. Come on by, say hello and check out our show specials.

VARILITE® Seating Systems

The **REFLEX™** is the latest offering from **VARILITE®**! With a retail pricing of \$425.00, the **REFLEX™** is an **ultra-lightweight skin protection** cushion for those at moderate risk of breakdown. It has a revolutionary built in air release device that automatically releases a portion of the air when the user sits on the cushion to provide a maintenance-free fixed amount of immersion for optimum pressure distribution and postural support.

The **EVOLUTION™** and **EVOLUTION WAVE™** are the **VARILITE®** products with high pressure relief, high pressure reduction, and high postural support. They are also self inflating, come with a standard or Pressure Setting Valve (PSV), have three different stiffness's of foam to create contouring postural support, and of course are also water proof and have a cut resistant 4-way stretch fabric that is bonded to the interior foam for maximum strength and comfort.

Air-Foam Floatation combines the best characteristics of air and foam to provide excellent pressure distribution, comfort and stability. The other cushion products from **VARILITE®** always in stock at **RGK Wheelchairs, Inc.**, are the **Meridian™**, and **Meridian Wave™ Series, Pro Form NX™, Stratus™, Zoid™**, and **Solo™**, along with a complete line of back supports including an **EVOLUTION™** Regular, Deep, Tall and **Talon™** line.

Philanthropy

We have been very involved in the marketing and promotion of wheelchairs sports for years; the last three decades plus to be more precise. We have been there as the fund raiser and now have the opportunity to be on the contributor side of things. Naturally, we have focused on providing assistance where we can to support wheelchair sports and active living initiatives.

Imagine Canada is a national charity that looks into and out for Canada's charitable and non-profit sector. They support this sector by providing tools and services to increase the effectiveness of non-profit organizations whose work contributes to social progress and vibrant communities. They suggest that Canada's economic activity may be divided into three broad sectors - the Public Sector, the Business Sector, and the Community Non-Profit Sector. Canada has one of the largest and most vibrant community non-profit sectors in the world with annual donations in the \$9 billion range, 2 billion volunteer hours, 22 million donors, 12 million volunteers, 2 million fulltime equivalent workers, 12% of the economically active population, 870,000 plus unincorporated community organizations, 81,000 non-profit corporations, and 80,000 registered charities. This activity, not including volunteer hours, accounts for 7.1% of GDP. See www.imaginecanada.ca .

We enjoy the opportunity to do our part for all Wheelchair Sports including the Basketball, Curling, and Rugby Nationals this year! And, thank you to these brands for all they do to support wheelchair sports.

KENDA and Spinergy

At this years www.people-in-motion.com show we will have a great collection of wheels, tires, and tubes on display and will make them available through the participating dealer of choice for the end user. There will be product available as a show special at 25% off the retail pricing, so drop by the familiar booth in the corner by the entrance E-17, 18, 19 and say hello!
