BATEC ELECTRIC

With BATEC ELECTRIC, you get a 2-in-1 solution: a unique way to revolutionise your mobility outdoors without sacrificing the advantages of a manual wheelchair. This is the definitive mobility tool.

Save time comfortably on short, every-day trips and, in your free time, get out into the countryside, take longer trips, sightsee or just enjoy a pleasant walk.

And, of course, you can disconnect your Batec in just seconds whenever you want to enjoy the comfort of your manual wheelchair thanks to the BATEC EASY-FIX anchor system (Pat. Pend.).

BATEC ELECTRIC

Technical Datasheet

SPECIFICATIONS

- MATERIAL: 7005 T6 Aluminium
- MOTOR: 36 V 500 W Brushless
- BATTERY: 11 Ah lithium battery without memory effect with cable-free connection system
- AUTONOMY: 30-50 km, depending on user weight, driving style and terrain
- CHARGER - fast (4 hours)
- TYRES: 20" ultra-grip Maxxis (54-406)
- RIMS: 20" aluminium double-wall
- BRAKES: Shimano 203 mm dual mechanical disc brakes with Shimano Deore levers
- HEADSET: FSA Orbit MX
- HANDLEBAR: FSA V-Drive Lowriser

- BATEC EASY-FIT regulation system (Pat. Pend.)
- BATEC EASY-FIX fast anchor system (Pat. Pend.)
- BATEC SAFE-FEET stand frame (Pat. Pend.)
- FRONT LED LIGHT - 900 lumens, runs off main battery
- DUAL LED TAIL LIGHTS on the stand frame
- DISPLAY PANEL with battery gauge and speed regulator
- CYCLE COMPUTER with LED screen and 4 functions
- TWO USB PORTS
- REMOVABLE QR WEIGHTS for improved traction
- WEIGHT: 14.9 kg (+ 4 kg battery + 5 kg weights)

BATEC HYBRID

BATEC HYBRID is our electrically assisted attachable handcycle that allows you to do healthy physical exercise without sacrificing the comfort of your manual wheelchair.

All the technology of the BATEC ELECTRIC and the BATEC MANUAL together in one product, making it the equivalent of an electrically assisted cycle. The power of its motor will give you the extra push you need to get wherever you want to go.

And, of course, you can disconnect your Batec in just seconds whenever you want to enjoy the comfort of your manual wheelchair thanks to the BATEC EASY-FIX anchor system (Pat. Pend.).

BATEC

SPECIAL EDITIONS

BATEC SPECIAL EDITIONS are comprised of 25 units each with special features.

COOL BATEC ACCESSORIES

Kit out your Batec with our COOL BATEC ACCESSORIES: exclusive accessories designed specifically for Batec and wheelchair users. Discover them all!

BATEC PICNIC basket

BATEC PICNIC is the basket for your Batec and our sweetest accessory. You can carry everything from a bag to a small pet.

Rucksack BATEC BOSSA

The BATEC BOSSA rucksack is designed specifically for wheelchair users. It has a large capacity and three pockets, but isn't bulky when empty.

Luggage rack BATEC PORTA

BATEC PORTA is the front-mounted luggage rack for your Batec and our most versatile accessory. It allows you to comfortably carry a briefcase, rucksack, bag... anything you need or want.

Off-road wheels BATEC RODES

Equip your wheelchair with these off-road wheels to comfortably travel over irregular surfaces. Plus, the exclusive spreader system gives you a wider base for extra stability and safety.

Smartphone holder

The smartphone holder for your Batec lets you take your device with you and your Batec. Listen to music, use the GPS or hands free... a whole world of possibilities. Plus, with the Batec 2014 you can charge your smartphone using one of the two USB ports that come standard.

CLICK & GO!

Can you imagine turning your wheelchair into a tricycle as easily as someone without a disability gets on and off a cycle or motorbike? Thanks to the BATEC EASY-FIX anchor system (Pat. Pend.) you can connect any of our Batecs to your wheelchair in just seconds.

COMPATIBLE

with 99% of wheelchairs
on the market

Here at Batec Mobility we've developed the BATEC DOCKING-BAR (Pat. Pend.), which thanks to its modularity enables Batecs to be installed on 99% of all wheelchairs on the market. This means it adapts to any type of tube and chair, whether fixed or folding frame, with built-in or removable footrests, and fits a wide range of sizes.

Plus, some manufacturers are now offering the option of welding the BATEC DOCKING-BAR (Pat. Pend.) onto the wheelchair frame.

PROPRIETARY TECHNOLOGY

Guided by the principles of universal design, here at Batec Mobility we've developed proprietary technology to create practical, versatile products. We believe that something uncomfortable will just end up forgotten in a corner. This doesn't happen with our Batecs.

BATEC EASY-FIX fast anchor system (Pat. Pend.)

BATEC EASY-FIT regulation system (Pat. Pend.)

BATEC DOCKING-BAR (Pat. Pend.), also for folding chairs.

BATEC SAFE-FEET stand frame (Pat. Pend.)

ADAPTATIONS FOR QUADRIPELGICS

Gas & Brake handlebar without levers *: lets you accelerate and brake with gentle movements of the handlebar.

BATEC QUAD GRIPS**: for better hand grip.

BATEC SHIFT LEVER (Pat. Pend.)**: easily engaged without removing hands from the pedals.

BATEC MAGIC LEVER crank arm release system (Pat. Pend.)***: with assisted starting mode so Batec users can enjoy the zero-effort mode.

SOCIAL PROJECT

Batec Mobility is a socially orientated company founded by a group of people with disabilities with the aim of having a positive impact on this very group.

Our greatest impact is on **Batec** users, whose lives we change through improved mobility. We're proud that 94% of our users say that Batec has significantly changed their lives for the better.

Furthermore, **Batec Mobility** also creates jobs for people with disabilities. 50% of our staff is disabled, most with serious disabilities.

The nature of this Mediterranean city, which encourages residents to spend time outdoors with friends, inspired us to create **Batec** in order to allow people with disabilities around the world to lead an active, dynamic lifestyle. Barcelona's tradition of industrial design has also greatly influenced us in designing the Batecs, which are in essence useful but also very attractive.

CUSTOMISE YOUR BATEC

Discover our new customisation tool and choose the Batec of your dreams!

In just five simple steps and only minutes, you can customise your Batec to fit your tastes and needs:

1 Choose a model

3 Choose your wheelchair

2 Choose a colour

4 Kit out your Batec with the COOL BATEC ACCESSORIES

4 Kit out your Batec with the COOL BATEC ACCESSORIES

6 Get a picture of your Batec, a detailed quote and the option to request a test drive or place an order

Created by and for people with disabilities, **Batec Mobility** revolutionises your mobility
